“ Huffine,

You will forever be an Inspiration to me and will never be Forgotten. Despite the pain that you endured on a daily basis, you still had a sense of humor and a positive attitude about life and you loved living it. You were a straight shooter and weren't afraid to tell it like it is. No matter how much you portrayed the Vietnam War Veteran tough guy, you couldn't hide that Big Heart of yours. Thank you for everything you sacrificed for this Country and our Freedom, I know you paid the ultimate price for it health wise. But most of all Thank you for teaching me that life's too short to sweat the small stuff. We either get busy living or to get busy dying and "I ain't dead yet" so I best get busy trying! I look forward to seeing you again one day my friend.

With Love,  
Your Banker Buddy - Brad
